Istruzioni di montaggio | Assembly instruction

1

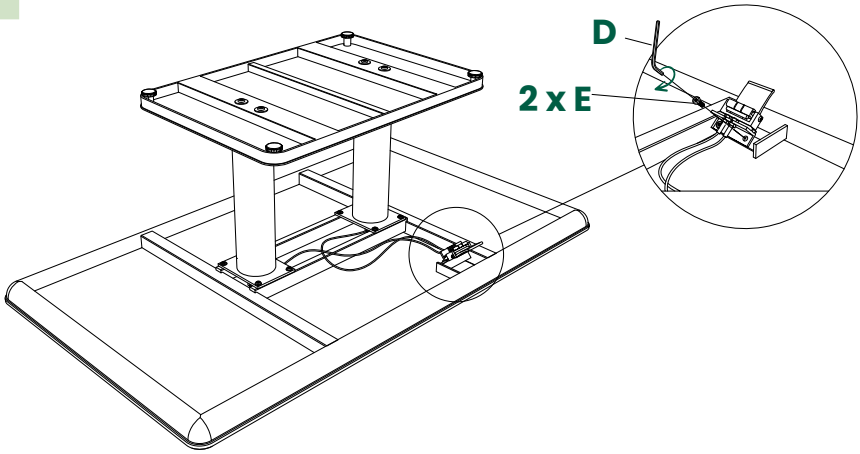

Prima del montaggio, estrai entrambe le molle a gas.
Before assembly extend the two copmression springs.

2

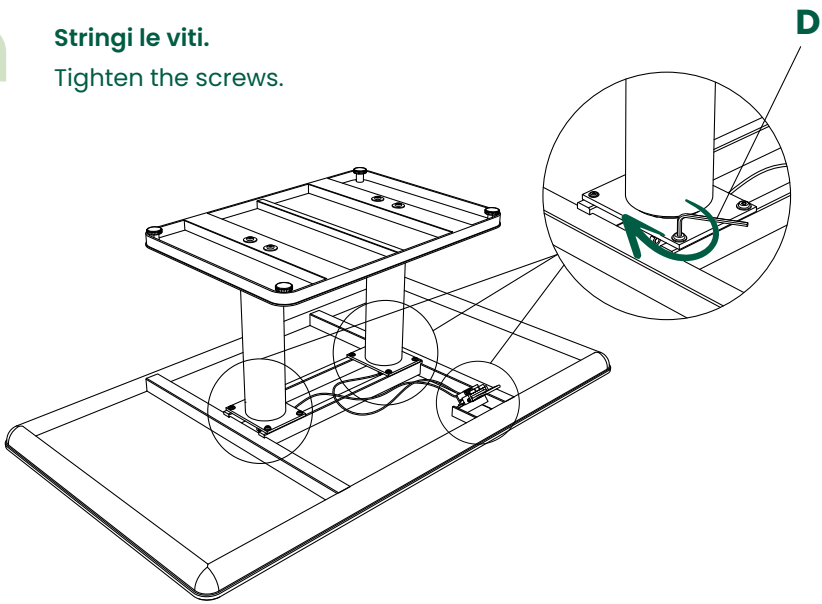

3

4

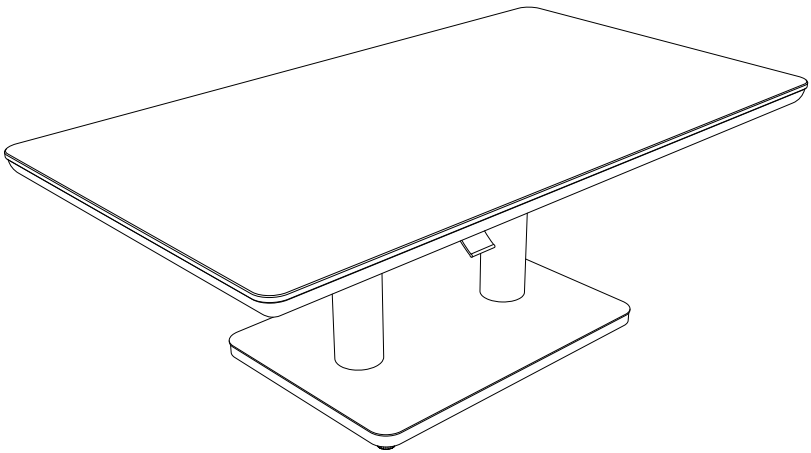

Stringi le viti.
Tighten the screws.

5

Capovolgi il tavolo.

Turn the table.

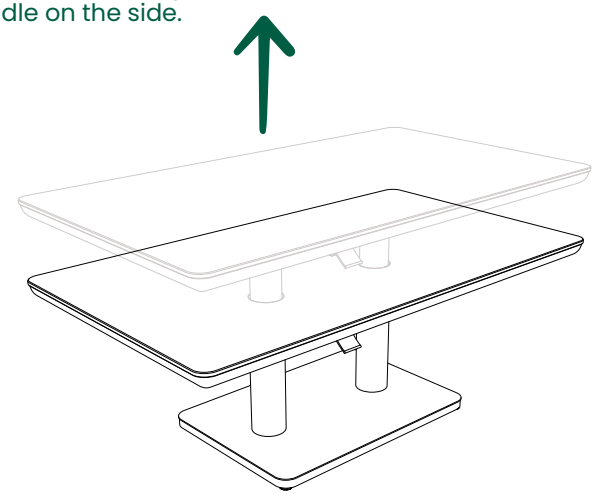

Funzioni | Features

Regolabile in altezza | Height adjustable

1

Per sollevare il tavolo, premi la leva laterale.

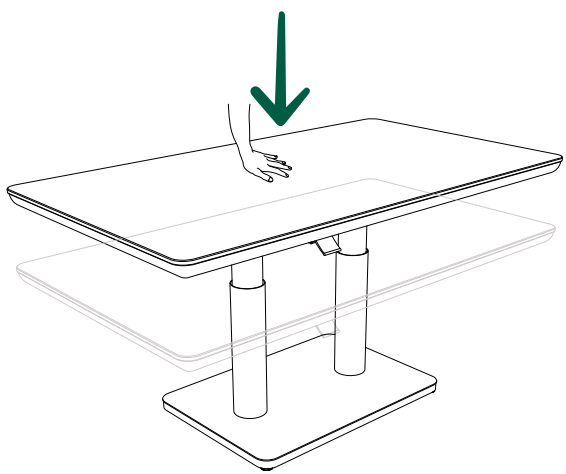

To raise the table, press the handle on the side.

2

Per abbassare il tavolo, tira la leva premendo contemporaneamente al centro del piano del tavolo.

To lower the table, press the handle and push the table top at the same time down in the middle.

La cura giusta per il tuo nuovo tavolo.

Affinché il piano del tavolo resti brillante a lungo, usa sottobicchieri per bicchieri, tazze e simili. Così eviti forti differenze di temperatura che agiscono sul piano e possono causare scolorimenti.

Pietra sinterizzata: Proprietà del materiale
Facile da curare | Resistente ai graffi | Resistente al gelo | Idrorepellente | Resistente allo sporco

Pietra sinterizzata: Consigli e cura
Rimuovi lo sporco semplicemente con un detergente delicato e un panno morbido: sono la scelta migliore. Non usare spugne abrasive o pagliette per la pulizia, perché causano graffi e zone opache.

Per una lunga durata dei nostri mobili da giardino ti consigliamo coperture protettive traspiranti, che proteggono i tuoi mobili dagli agenti atmosferici in inverno o quando non li usi.

CONSIGLIO: Per evitare scolorimenti, la copertura protettiva non deve restare a lungo a contatto con la superficie del tavolo. I distanziatori offrono un supporto ideale.

How to take care of your new table.

To keep the tabletop shining for a long time, use coasters for glasses, cups and co. This will help you avoid high temperature differences, which can affect the tabletop and lead to discoloration.

Sintered stone: material characteristics
Easy-care | scratch-resistant | frost-proof | water-repellent | dirt-resistant

Sintered stone: maintenance and care
Simply wipe off dirt with a mild cleaner and a cloth made of soft materials. These are the best choice here. Please do not use abrasive or cup sponges for cleaning, as this can lead to scratches and dull spots.

For a long life of our garden furniture, we recommend breathable weather protection covers that protect your furniture from the weather during the winter or when not in use.

TIP: The protective cover should not be in contact with the table surface for a long period of time to avoid discoloration. Spacers provide ideal support here.

Importante, conservare per riferimento futuro: leggere attentamente.

Mobili da esterno per uso domestico

Important, to keep for future reference: read carefully.
