Istruzioni per la cura

Alluminio

Proprietà del materiale
Leggero | Nessuna corrosione | Resistente alle intemperie | Facile da curare
Consigli e cura
Rimuovi lo sporco semplicemente con un panno umido e un detergente delicato. I graffi superficiali si possono ritoccare facilmente con una penna di vernice del colore adatto.

Pietra sinterizzata

Proprietà del materiale
Facile da curare | Resistente ai graffi | Resistente al gelo | Idrorepellente | Antisporco
Consigli e cura
Rimuovi lo sporco semplicemente con un panno morbido umido e un detergente delicato. Non usare spugne abrasive o pagliette per la pulizia: possono causare graffi e zone opache.

CONSIGLIO: Per un piano del tavolo sempre brillante, usa sottobicchieri per bicchieri, tazze ecc. Così eviti forti sbalzi termici, che possono scolorire il piano.

CONSIGLIO: Per una lunga durata dei nostri mobili da giardino ti consigliamo le coperture protettive SIENA GARDEN, che proteggono i tuoi mobili dagli agenti atmosferici durante l'inverno o quando non vengono utilizzati. Per evitare alterazioni di colore, la copertura protettiva non dovrebbe restare a lungo a contatto con la superficie del tavolo. I distanziatori sono un supporto ideale. **www.sienagarden.de/inspirieren/beratung/schutzhuellen-beratung**

Care instructions

Aluminium

Material characteristics
Light weight | No corrosion | Weatherproof | Easy to maintain
Tips and Care
Simply wipe off dirt with a damp cloth and a mild detergent. Superficial scratches can easily be repaired with a color-matching touch-up pen.

Sintered stone

Material characteristics
Easy-care | Scratch-resistant | Frost-proof | Water-repellent | Dirt-resistant
Tips and Care
Simply wipe off dirt with a mild cleaner and a damp cloth made of soft materials. Please do not use abrasive or cup sponges for cleaning, as this can lead to scratches and dull spots.

TIP: To keep the tabletop radiant for a long time, use coasters for glasses, cups and co. This will help you avoid high temperature differences, which can affect the tabletop and lead to discoloration.

TIP: To ensure a long service life of our garden furniture, we recommend our SIENA GARDEN protective covers, which protect your furniture from the weather conditions during winter or when not in use. The protective cover should not be in contact with the table surface for a longer period of time to avoid discoloration. Spacers provide ideal support here. www.sienagarden.de/inspirieren/beratung/schutzhuellen-beratung
