Istruzioni di montaggio

ATTENZIONE: a causa del peso dei componenti, monta il tavolo con almeno due persone.

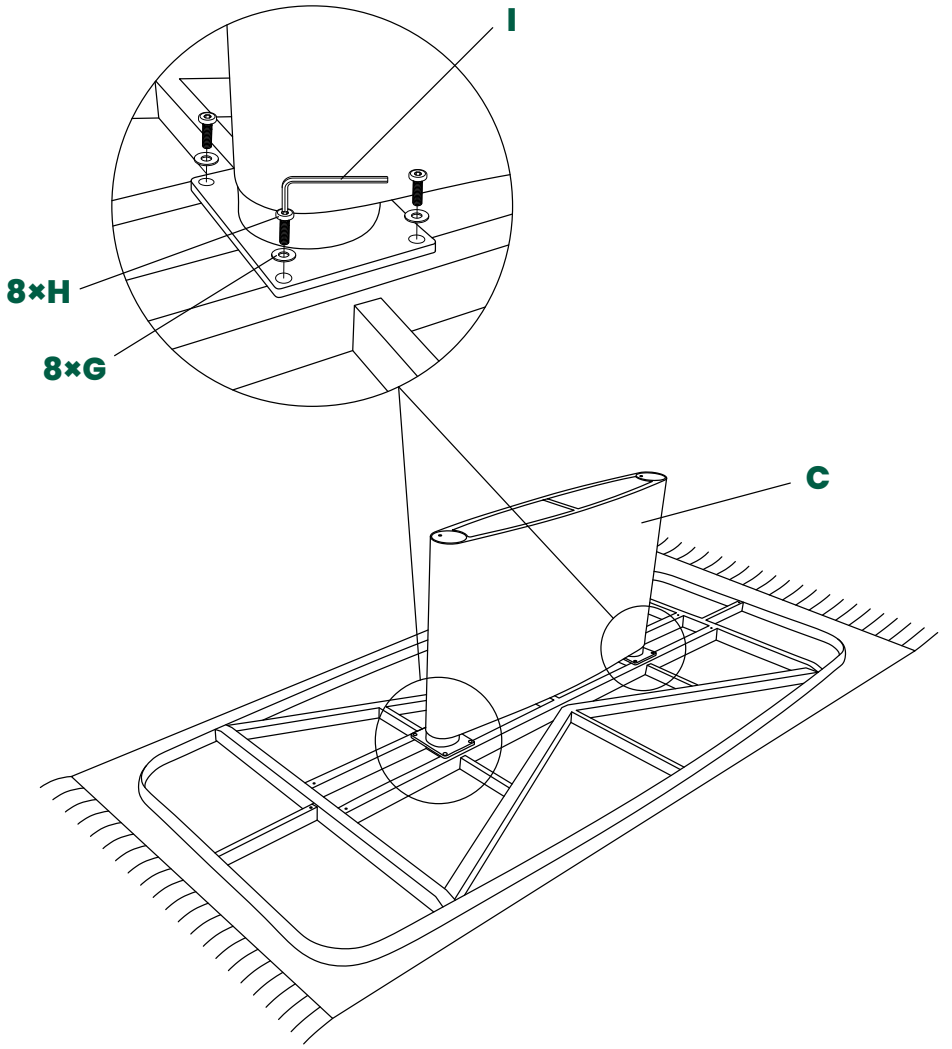

1. Poiché il piano del tavolo (A) è molto pesante, sollevalo dal telaio (B) con almeno un'altra persona e mettilo da parte per il montaggio.

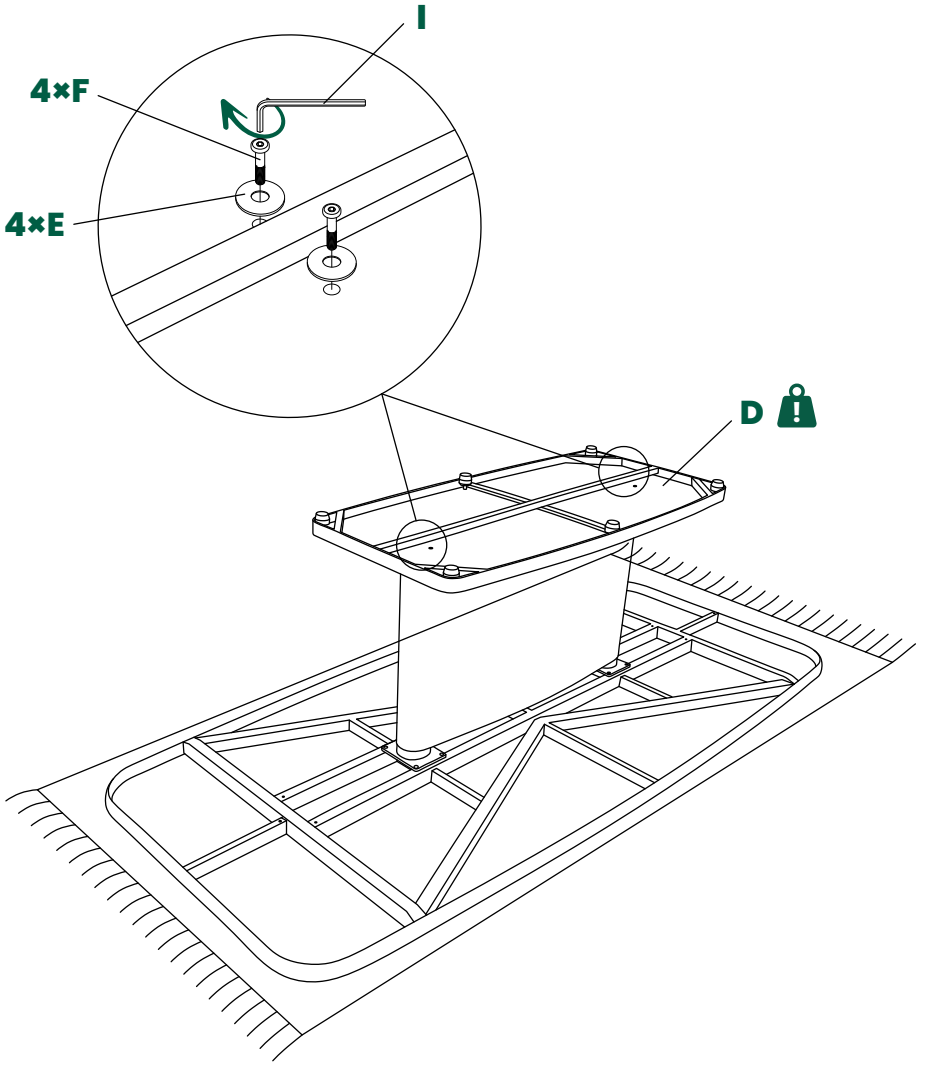

2. Appoggia il telaio del tavolo (B) capovolto su una superficie morbida.

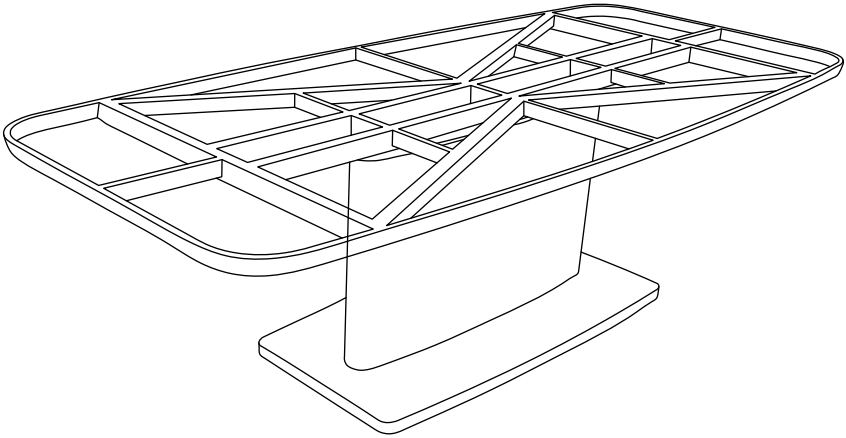

3. Posiziona la console centrale (C) sul telaio del tavolo (B) assicurandoti che le due superfici d'appoggio siano allineate correttamente. Infila una rondella piccola (G) su ciascuna vite (H) e avvita insieme telaio e console centrale attraverso le due superfici d'appoggio.

4. Per montare la base del tavolo (D) fatti aiutare da un'altra persona. Insieme, appoggiate la base (D) sul lato inferiore della console centrale (C). Come prima, infilate una rondella grande (E) su ciascuna vite (F) e avvitate insieme i due elementi.

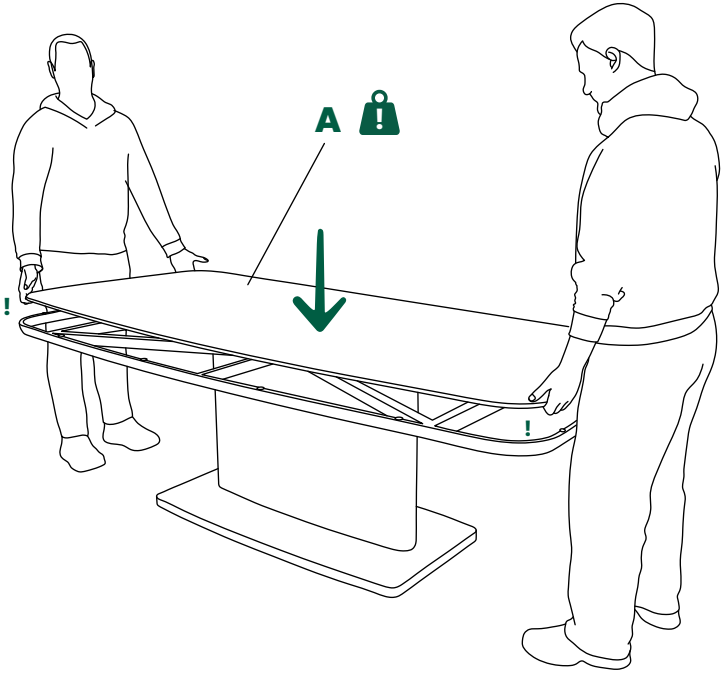

5. Ora capovolgete con cautela il tavolo, in modo che poggi sui piedi.

6. **ATTENZIONE: fai attenzione a non schiacciarti le dita quando abbassi il piano del tavolo.**

Con l'aiuto di almeno un'altra persona, appoggia il piano del tavolo (A) sul tavolo.

Istruzioni per la cura

Affinché il piano del tavolo resti brillante a lungo, usa sottobicchieri per bicchieri, tazze e simili. Così eviti forti differenze di temperatura che agiscono sul piano e possono causare scolorimenti.

Pietra sinterizzata

Proprietà del materiale
Facile da curare | Resistente ai graffi | Resistente al gelo | Idrorepellente | Antisporco
Consigli e cura
Rimuovi lo sporco semplicemente con un panno morbido umido e un detergente delicato. Non usare spugne abrasive o pagliette per la pulizia: possono causare graffi e zone opache.

Alluminio

Proprietà del materiale
Leggero | Nessuna corrosione | Resistente alle intemperie | Facile da curare
Consigli e cura
Rimuovi lo sporco semplicemente con un panno umido e un detergente delicato. I graffi superficiali si possono ritoccare facilmente con una penna di vernice del colore adatto.

CONSIGLIO: per una lunga durata dei nostri mobili da giardino consigliamo le coperture protettive SIENA GARDEN, che proteggono i tuoi mobili dagli agenti atmosferici in inverno o quando non vengono utilizzati: **www.sienagarden.de/inspirieren/beratung/schutzhuellen-beratung**

Per evitare scolorimenti, la copertura protettiva non deve restare a lungo a contatto con la superficie del tavolo. I distanziatori sono un supporto ideale.

Assembly instructions

CAUTION: Due to the weight of the components, assemble the table with at least two people.

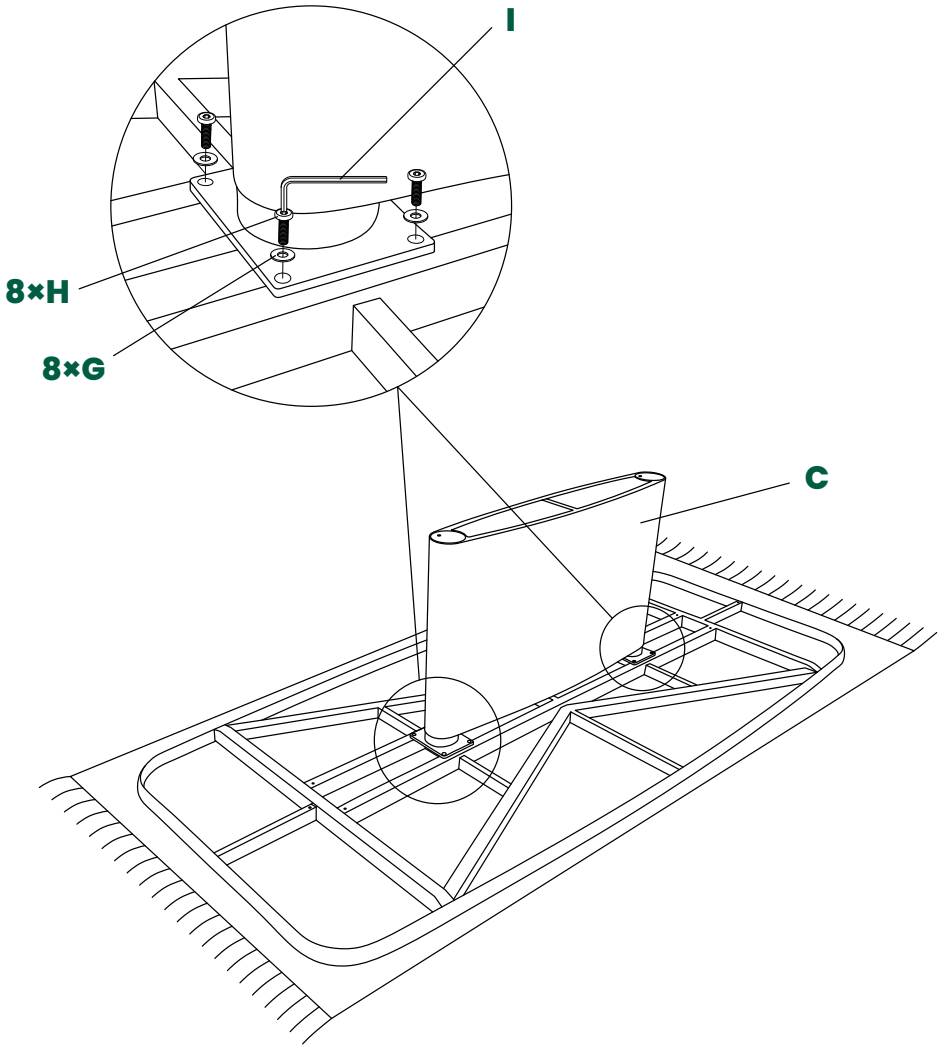

1. Since the tabletop (A) is very heavy, with at least one other person lift it from the table frame (B) and set it aside for assembly.

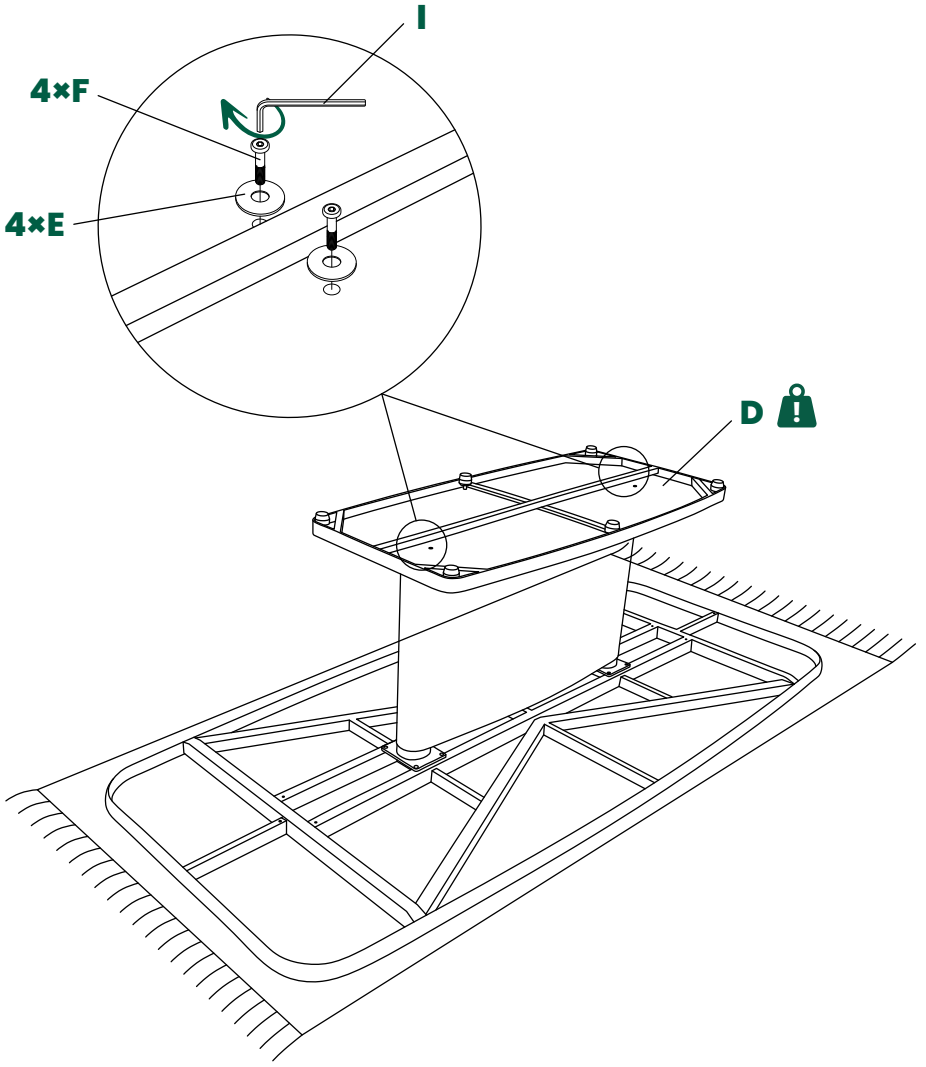

2. Place the table frame (B) upside down on a soft surface.

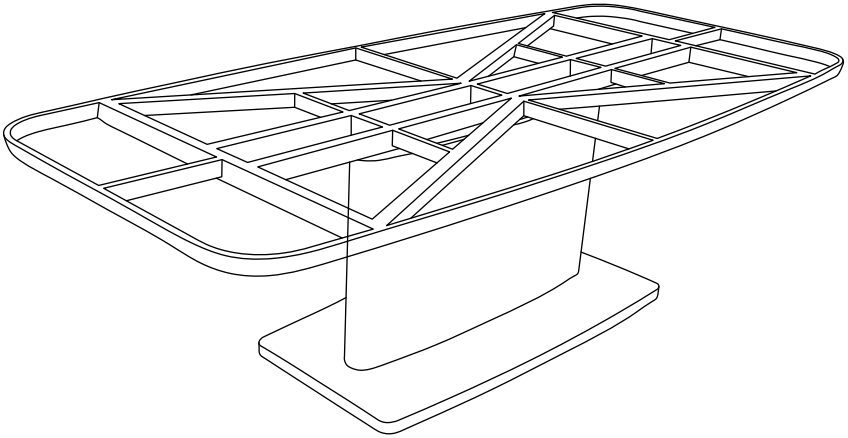

3. Place the center console (C) on the table frame (B), ensuring that the two contact surfaces are correctly aligned. Place a small washer (G) onto each screw (H) and screw the table frame and center console together using the two contact surfaces.

4. Get help from another person to assemble the table leg (D). Together, place the table leg (D) on the underside of the center console (C). As before, place a large washer (E) onto each screw (F) and screw the two elements together.

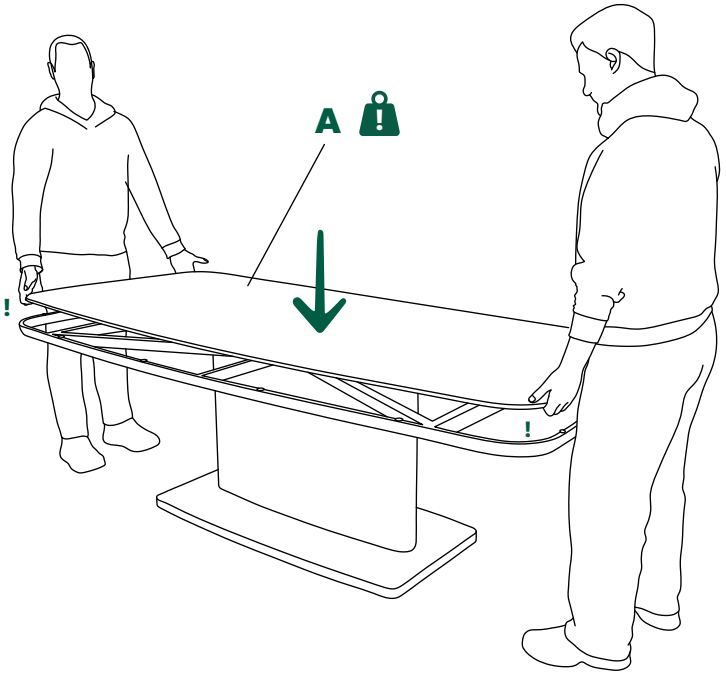

5. Now carefully turn the table upside down so that it is standing on its feet.

6. **CAUTION: Take care not to trap your fingers while lowering the table-top.**

With the help of at least one other person, place the tabletop (A) onto the table.

Care instructions

To keep the tabletop radiant for a long time, use coasters for glasses, cups and co. This will help you avoid high temperature differences, which can affect the tabletop and lead to discoloration.

Sintered stone

Material characteristics
Easy-care | Scratch-resistant | Frost-proof | Water-repellent | Dirt-resistant
Tips and Care
Simply wipe off dirt with a mild cleaner and a damp cloth made of soft materials. Please do not use abrasive or cup sponges for cleaning, as this can lead to scratches and dull spots.

Aluminium

Material characteristics
Light weight | No corrosion | Weatherproof | Easy to maintain
Tips and Care
Simply wipe off dirt with a damp cloth and a mild detergent. Superficial scratches can easily be repaired with a color-matching touch-up pen.

TIP: To ensure a long service life of our garden furniture, we recommend our SIENA GARDEN protective covers, which protect your furniture from the weather conditions during winter or when not in use: www.sienagarden.de/inspirieren/beratung/schutzhuellen-beratung

The protective cover should not be in contact with the table surface for a longer period of time to avoid discoloration. Spacers provide ideal support here.
